CALL FOR PAPERS ICICTM '18

INTERNATIONAL CONFERENCE ON INFORMATION & COMMUNICATION TECHNOLOGY MALAYSIA

The 2nd International Conference on Information and Communication Technology (ICICTM'18) offers a broad range of research interests in ICT, namely Artificial Intelligence, IoT, Security and Privacy, and New Media Technology; and there will also be a special track on ICT for Maritime. ICICTM'18 provides a platform for postgraduate students, academicians and professionals to present results of their research activities, to exchange ideas, and to establish networks of people with similar interests.

This second ICICTM'18 conference will be held in the Greater City of Kuala Lumpur, the commercial capital of Malaysia. This conference is the result of a collaboration between two universities – Universiti Pertahanan Nasional Malaysia (UPNM) and Universiti Kuala Lumpur (UniKL).

UPNM as the premier defense university has a focus on education and research with emphasized on defence and security, Privacy, Digital Forensics, Big Data and Maritime Technology. With concept of 'One Institute, One Specialization', UniKL contributes not only to tertiary education, but also research and development for commercialisation purposes.

UPNM and UniKL would like to welcome all potential authors to send their research papers to ICICTM'18.
